CLASS DESCRIPTIONS

MUSCLE CONDITIONING

MYZONE target ranges: blue and green heart rate zones

BODYPUMP™: Set to motivating music, BODYPUMP™ is a simple, athletic-based workout that uses barbells with adjustable weights to strengthen, tone and define every major muscle in the body. Ideal for the beginner through the experienced exerciser as you are in charge of how much weight you put on the bar.

Corepole'n Sculpt: This class uses resistance bands and a progression of single to multi-muscle movements. Emphasis is placed on form, technique and core awareness.

CXWORX™: A CXWORX™ workout consists of exercises that both isolate (like crunches and leg extensions) and integrate (like standing balance and hovers) the various muscle groups. PILATES: Strengthen and stretch your body while focusing on the muscles of the core. This class is for all levels.

PILATES: Strengthen and stretch your body while focusing on muscles of the core. This class is for all levels.

MIND & BODY

Asian Fusion: This priceless blend of Tai Chi, Qi Gong, Yoga and Acupressure Points Tapping incorporates continuous, gentle movements to purify and rejuvenate the whole body. This class is appropriate for all, from athletes to older adults.

Beginner Yoga: Caught between Chair Yoga and Yogabasics? This class is for you! It is perfect for those who are new to yoga and are looking for a slow paced, relaxing class. There will be a series of basic yoga poses, practiced with both sitting and standing positions. * Must be able to be on your knees and maneuver up and down, off the floor easily.

BODYFLOW™: BODYFLOW™ is a dynamic exercise-to-music program that leaves members feeling relaxed and renewed. BODYFLOW™ combines the best of eastern disciplines, like yoga and tai chi, with popular new methods like Pilates.

Power Yoga: This Vinyasa style, intermediate level yoga class will move you through the postures at a moderate pace with strong influence on breath awareness. Build all over body strength, flexibility, balance, muscular endurance and mental acuity. Must have prior yoga experience.

Restore/Yin Yoga: Yin and restorative styles of yoga use less movement and muscular effort than their yang yoga counterparts. The poses are passive, supported, and meditative, held for 3-5 minutes each. Both yin and restorative styles soften and revitalize our mind/body, allowing us to return to our regular activities in more articulate and wise ways.

Tai Chi/Qigong: This class merges Tai Chi and Qigong — with the goal of improving mind/body health. Physical benefits include improved posture, balance, coordination, endurance, and flexibility. Mental benefits include reduced stress and improved awareness and mental clarity. Continuous gentle movements combined with breathing create meditation in motion.

Vinyasa Flow Yoga: This is a moderately paced class with emphasis on good alignment and conscious movement with the breath. Build strength and muscular endurance in addition to flexibility, balance and focus. Prior experience with yoga recommended.

Yogabasics: Learn the basic poses of yoga in a class that will help you to build strength, increase flexibility and improve balance. Modifications are offered but participants must be able to get onto, and up from, the floor with ease. Whether flowing thru Sun Salutations or holding poses in stillness, you will be encouraged to develop mindful breathing, focused attention, body awareness and self-acceptance.

CARDIO

MYZONE target ranges: yellow and red heart rate zones

BODYATTACK™: A sports-inspired cardio workout for building strength and stamina. This high-energy interval training class combines athletic aerobic movements with strength and stabilization exercises.

BODYCOMBAT™: Explosively popular in clubs around the world, this class combines kicks, jabs and strikes from a range of self-defense disciplines like karate, boxing and Tae Kwon Do into an hour-long energetic routine.

BODYSTEP™: Using a height-adjustable step and simple movements on, this class offer cardio blocks that push fat burning systems into high gear followed by muscle conditioning tracks that shape and tone your body.

Cycling: This 'freestyle' cycling class is the instructor's choice of music and motivation. Each class normally incorporates climbs and free spins to make the ride a super calorie burner and an extreme cardio workout. Be sure to mention it if it is your first time taking an indoor cycling class so the instructor can help you set up your bike for proper alignment and give you some riding tips.
Please pick up a number at the desk to reserve your bike!

POUND®: Rock your way to fitness with POUND®, a drumming-based cardio class that promises a high energy and super effective workout and jam session to your favorite tunes. Burn calories as you bang out close to 15,000 repetitions with neon green and light weighted drumsticks called Ripstix®. Drumming in rhythm helps lower stress and improve cognitive skills like focus and decision-making. All fitness levels are welcome.

SPRINT: This class is a 30-minute High-Intensity Interval Training (HIIT) workout, using an indoor bike to achieve fast results. You'll combine bursts of intensity, where you work as hard as possible, with periods of rest that prepare you for the next effort.
Please pick up a number at the desk to reserve your bike!

Step Fusion: This class is an interval style, athletic workout on the step and will incorporate strength work with and without weights with a combination of athletic drills and plyometrics. Expect an intense workout at this class!

Step Works: 60 minutes of continuous cardio and step choreography fun!

Zumba®: A Latin-inspired, dance-fitness class that incorporates interna-tional music and dance movements, creating a dynamic exhilarating, and effective fitness system. This class combines fast and slow rhythms that tone and sculpt the body using an aerobics/fitness approach.

SUP & Sip!
Enjoy a one-hour Stand-Up Paddleboard Yoga class and reward yourself with a bubbly adult beverage at the end of your workout!
Day/Dates: Fridays/ March 13, April 24, May 15, June 19
Time: 6:00 - 7:00 PM
