

Body Zone Party Safety Measures

1. Two adults, along with the 13 party guests are permitted in the party room. Party guests will be permitted to enter the facility ten minutes before the party begins. All other adults, and siblings not involved in the party are not permitted in the party room when it is time for cupcakes.
2. Please check-in at Guest Services for a touch-free temperature check for parent/guardian and participants. This is mandatory for all customers/members/guests.
3. All parents/guardians are required to wear a face mask at all times while at Body Zone. Children over two years of age must wear a face mask before and after their program.
4. If not already completed, you will be asked to update your Body Zone Liability Waiver.
5. Social distancing, six-feet or more apart, is mandatory while at Body Zone.
6. Make sure everyone attending the party is healthy.
7. Make sure to wash your hands and/or use hand sanitizer prior to the party. We have "Sanitation Stations" located on our fields, court and ice (Rink#1) for this use.
8. Please do not use any other restrooms at Body Zone besides our main corridor restrooms located just past Guest Services.
9. When the party ends, parents and children must leave Body Zone immediately so Body Zone staff may begin disinfecting the utilized areas.
10. Body Zone's face mask and social distancing rules apply while in our parking lot. Please exit the premises after your program ends and refrain from gathering in groups and socializing.

Body Zone's new safety measures and guidelines as outlined in our "Back In The Zone" Reopening Guide apply. They are listed here: bodyzonesports.com/safety
